# Summer Select Program 2011

**About The Program** - The Shore Soccer Summer Select Program is designed for the players that want to continue playing soccer in the summer after their club travel team commitment is fulfilled.

The program runs from the middle of June through July and does not interfere with the player's current club travel team schedule.

This is a great experience for players to compete in tournaments and make new friends while playing soccer and being trained and coached on game day by a professional trainer/coach.

The players will be taught and have the opportunity to improve on:

- **Technical and tactical skills**
- **Positional training**
- **Decision making**
- **Possession and supporting play**
- **Speed of play**
- **Combination play**
- **Attacking strategies**
- **Defending as a group**
- **Different systems of play**
- **Conditioning, fitness training**
